

PRODUCT OVERVIEW

A small but mighty, portable power bank, perfect for routers and phones. Keep the kids entertained and don't skip a beat with work during a blackout. You never have to worry about losing or breaking it. With your monthly subscription, all lifespan, maintenance, and upkeep is our problem, not yours. Ever!

WHY YOU NEED THE VOLTA 40

Compact and unobtrusive by design, this portable power bank is capable of powering your Wi-Fi access points, phones or other small devices in the event of a blackout or power outage. By installing it directly to your Wi-Fi router, you won't even notice a drop in connectivity when the power cuts - it switches straight to battery mode for seamless, uninterrupted connectivity, allowing you to continue your work or entertainment with minimal disruption.

- 1 Zero noise
- 2 Ultra-safe lithium battery
- 3 Compact design
- 4 Gives you 96Wh of power
- 5 Fits in your bag

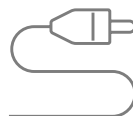

WHAT CAN BE CHARGED USING THE VOLTA 40

Mobile Phone

Wi-Fi Router

Fibre Terminal
