## 2. Specific provisions pertaining to all Vox mobile data products

- 2.1 The products are dependent on the network coverage of the Mobile Operator, over which the supplier has no control and makes no guarantees.
- 2.2 Network coverage is dependent on the cellular network utilized and may vary per subscriber congestion.
- 2.3 It is the subscribers' responsibility to select the correct SIM card linked to their product.
- 2.4 It is the subscriber's responsibility to configure the relevant notifications on the Customer Zone.
- 2.5 The service is a best effort service, and the speed of uploads and downloads is indicative and dependent on various factors, such as signal strength, distance from the cellular towers, congestion of the cellular towers etc.
- 2.6 Subscribers wishing to use their own hardware, must ensure that they can support the following:
  - 2.7 CHAP and PAP as an authentication method.
  - 2.8 Must be APN configurable.

- 2.9 Username and password combination may be sent automatically, via email and/ or SMS message upon provisioning of the service, to the subscriber, should the product require authentication.
- 2.10 Concurrency is limited to one connection per username and/or SIM card.

## 3. Specific provisions pertaining to the vox mobile data products – single sim

- 3.1 Vox Telecom Mobile services are sold on a month to month basis.
- 3.2 Subscribers will be capped once they reach their monthly limit, and there is no carry over on the subscribed data bundle.
- 3.3 Top Up Packages will be made available if a customer has reached their cap and requires additional data.
- 3.4 Top Up Packages expire at the end of the following month.
- 3.5 In bundle usage and Top Up Package usage is rounded up to the nearest MB.
- 3.6 Upgrades and downgrades between products will be effective on the 1st of the following calendar month.
- 3.7 The supplier reserves the right to charge for delivery where circumstances require.

## 4. Specific provisions pertaining to the shared account mobile data product

- 4.1 Vox Shared Mobile Data services are sold on month to month contracts
- 4.2 Username/s and password/s must be created by the subscriber online via Vox Telecom consumer customer zone at <https://portal.vox.co.za>
- 4.3 Each SIM card linked to the Data account requires a separate username and password, which is line locked to that SIM and MSISDN
- 4.4 Data usage more than the subscribed bundle will be billed in arrears to the subscriber account.
- 4.5 A data usage limit for each SIM card must be set on the Vox Customer Zone. This limit is a hard cap meaning once the limit is reached, internet access will be limited to the Customer Zone where more data may be allocated to the username.
- 4.6 Hard capped limits may be adjusted (either upwards or downwards) on the Customer Zone should this be required.
- 4.7 Excess usage will be billed for at the applicable rate per MB
